Repairs WITHIN our warranty period

Parker Contour Probes, PL Series Coils and DA750/1500 Amp Magnetic Inspection Units will be repaired or replaced due to malfunction or user damage at no charge for a period of one year from date of purchase, less incoming freight charges.

UW115 and UW12 Contour probes will be repaired or replaced due to malfunction or user damage at no charge for a period of 90 days from date of purchase.

Repairs out of our warranty period

Contour Probe repairs out of our warranty period have a maximum electrical rebuild charge of \$187.50. Note: Some very old DA-200 Contour Probes can no longer be repaired.

PL Series AC coil repairs out of our warranty period have an electrical rebuild charge of \$172.00.

PL Series HWDC coil repairs out of our warranty period have an electrical rebuild charge of \$250.00.

Charges may be less after the unit is evaluated and we determine what repairs are necessary.

DA750/1500 Amp Magnetic Inspection Units should be returned for our no charge repair evaluation.

All other Parker Research Corporation equipment can be returned for a no charge repair evaluation.

Turnaround time is approximately one week.
